MAY PROGRAM

BLOSSOMING MAY

Friends - Family

What blossoms is not only the flowers, but the seeds we plant in the May of May. This is a time for fertility, for celebrating motherhood, and for honoring the beauty of watching our intentions grow.

In this month of blossoming, we create a space to celebrate—and to consciously choose. To notice what is growing, and what we wish to keep in harmonious balance.

Our programming this month is rooted in practices that help us stay connected to our dreams. And at the same time, to rest, to relax, and to remember the potential we carry when we are truly at ease.
