LONGEVITY & EPIGENETICS LAB

EXPERIMENTING WITH THE FUTURE OF HEALTH

In a world where we are constantly connected and overstimulated, the need for balance has never been greater. This weekend is an invitation to slow down and return to the essence of wellness through the power of analog living.

Grounded in longevity, epigenetics, and regenerative health, the program explores how daily choices influence your genes and help you embody your healthiest version. Discover simple, science-based longevity practices tailored to your body, mind, and goals.

Through nature-immersive movement, talks, workshops, breathwork, recovery ice baths, and expert-led labs, you'll learn efficient biohacking techniques that focus on what truly enhances vitality and clarity. Reconnect with your natural rhythms and gain tools for long-term resilience.

FULL PROGRAM

LONGEVITY & EPIGENETICS LAB — UPCOMING RESIDENTS

CARRIE DRINKWINE

DETOX DECODED-CLEARING THE PATHWAYS TO TRUE REGENERATION

Detox is one of the most misused terms in the wellness industry. While many programs promise “cleansing,” most overlook the body’s natural elimination pathways, which can cause more harm than good when they are blocked or stagnant.

NOV 6TH

18:00HRS @GRATTITUDE TENT

Carrie Drinkwine is the founder of Wise Wellness Clinic, the Institute of Regenerative Health, and the Regenerative Soul Institute. After reversing her own chronic conditions — including lupus, fibromyalgia, Hashimoto’s, and infertility — she discovered the connection between physical and emotional factors in illness. Her work focuses on helping others overcome chronic disease and restore health. Through her institutes, she trains practitioners in regenerative health and offers programs in breathwork, sound therapy, and trauma release for personal growth.

THE VOLTAGE BLUEPRINT- UNLOCKING THE ENERGETIC ANATOMY OF VITALITY THROUGH REGENERATIVE HEALTH

Learn how mold, parasites, and heavy metals affect health and explore evidence-based protocols to support natural detox systems. A practical Q&A session offering tools to address underlying factors that influence aging and vitality.

NOV 7TH

18:00HRS @GRATTITUDE TENT

FULL PROGRAM

LONGEVITY & EPIGENETICS LAB ——— UPCOMING RESIDENTS

DANIELA LIEVANO

DESIGNING YOUR LONGEVITY PROTOCOL

Your biology is unique; your longevity plan should be too. In this workshop, participants integrate science-based practices into a personalized “longevity protocol” they can begin experimenting with right away. Practical, informative, and personalized.

NOV 7TH

11: 30HRS @GRATTITUDE TENT

Daniela is the founder of VeriWell, a boutique biohacking and epigenetics platform pioneering the future of personalized wellness. A former corporate lawyer now trained in Health Coaching, Functional Nutrition, and Epigenetics, she is passionate about prevention and human optimization. She guides individuals and organizations to embrace data-driven health strategies that enhance vitality, sharpen focus, extend longevity, and support overall well-being.

THE CELLULAR RESET: CLEARING MOLD, PARASITES & HEAVY METALS

Learn how mold, parasites, and heavy metals affect health and explore evidence-based protocols to support natural detox systems. A practical Q&A session offering tools to address underlying factors that influence aging and vitality.
